

INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT

PUBLIC NOTICE OF RCRA CORRECTIVE ACTION REMEDIATION DECISION

Date of Notice: November 4, 2020  
Comments Due: December 4, 2020

The Indiana Department of Environmental Management (IDEM) intends to issue a RCRA Corrective Action Remediation Decision for Solid Waste Management Unit 12 - Mine Fill A for:

Naval Support Activity Center  
Crane, Indiana  
U. S. EPA ID Number IN5170023498

IDEM has reviewed the administrative record, and has drafted a Statement of Basis summarizing information found in the administrative records. IDEM has determined that monitored natural attenuation (MNA) and long-term monitoring (LTM) of groundwater and surface water, land use controls (LUCs) for groundwater, and seven-year reviews are necessary for SWMU 12 in order to address potential future unacceptable human health and ecological risks from exposure to contaminated groundwater at the site and/or from the migration of contaminated groundwater from the site. A copy of the Statement of Basis (VFC document #83054340) and the supporting administrative record are available for your review in the IDEM Virtual File Cabinet at: <https://www.in.gov/idem/legal/2363.htm>.

IDEM is providing the public an opportunity to submit written comments and/or request changes to the Statement of Basis as proposed. IDEM is particularly interested in receiving comments from persons aware of any spills or releases that may have occurred from this facility in the past. Written comments must be postmarked or emailed by December 4, 2020.

You may request that IDEM hold a public hearing. At a hearing, you would have an opportunity to submit written comments, ask questions, make statements, and otherwise discuss any concerns about the Statement of Basis or the administrative record with IDEM staff. If a public hearing is held, IDEM will make a separate announcement of the date, time, and location of that hearing at least 30 days in advance.

IDEM will respond to all significant comments and specify which provisions of the Statement of Basis were changed, if any. To receive a copy of the Notice of Final Decision and Response to Comments, please make a written request to the below. Anyone who submits written comments will receive a copy of the Notice of Final Decision and Response to Comments.

Direct questions or comments to:
